CATALOG DESCRIPTION: This course provides an analysis of data processing systems, and design of computer applications, including input, output, files, and system processing controls.

PREREQUISITE(S): CSC 103 - Intro to Computing
COREQUISITE(S): None
CREDITS: 3
HOURS: 2 hrs Lecture; 2 hrs Lab
REQUIRED TEXT(S):
CENGAGE COURSE CODE:
SUPPLEMENTAL MATERIALS:

INSTRUCTOR INFORMATION:

OFFICE HOURS:
CORE COMPETENCIES: The following core competencies are embedded in this curriculum: Use scientific method of inquiry, through the acquisition of scientific knowledge; Use computer systems or other appropriate forms of technology to achieve educational and personal goals; Understand historical events and movements in World, Western, non-Western or American societies and assess their subsequent significance; Understand ethical issues and situations; Address an information need by locating, evaluation and effectively using information.

LEARNING ASSESSMENT

<table>
<thead>
<tr>
<th>Student Learning Outcomes:</th>
<th>Suggested Means of Assessment:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recognize the role of the Systems Analyst in the modern business environment</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
<tr>
<td>Analyze the core concepts of how information systems and technologies integrate with wetware-based decisions and processes</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
<tr>
<td>Identify key terminology utilized in modern information systems</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
<tr>
<td>Recognize Unified Modelling Language (UML)</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
<tr>
<td>Explain the different strategies, designs, and modeling that today’s Systems Analyst uses</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
<tr>
<td>Develop data and process modeling skills</td>
<td>Lab Projects</td>
</tr>
<tr>
<td>Develop awareness of current trends in managing systems including support and security systems</td>
<td>Lab Projects, Quizzes, Written Assignments</td>
</tr>
</tbody>
</table>

GRADING SYSTEM:

DISABILITY SERVICES STATEMENT: Warren County Community College is committed to providing all students equal access to learning opportunities. Student Services is the campus office that works with students who have disabilities to provide and/or arrange reasonable accommodations. Students who have, or think they may have, a disability (e.g. mental health, learning, vision, hearing, physical or systemic), are invited to contact Student Services to arrange a confidential discussion at (908) 835-2300 or by email at StudentServices@Warren.edu as soon as possible. Students registered for Disability Services with Student Services, who have requested accommodations for the current semester will be provided with an electronic letter.
detailling individual accommodations and are encouraged to contact the instructor early in the semester to discuss accommodations outlined in their letter.

**INSTRUCTIONAL SUPPORT CENTER:** The Instructional Support Center (ISC), located in Room 105 across from the library, provides academic support at no cost to WCCC students and is available for courses in which they are currently enrolled. The ISC is staffed with trained professional and peer tutors who are ready to help you understand and succeed. For scheduling or further information, visit the ISC in person, online at http://www.warren.edu/tutoring/ or by telephone at (908)835-2354.

**STATEMENT AND POLICY ON CHEATING, PLAGIARISM AND ACADEMIC DISHONESTY:** Students are required to perform all the work specified by the instructor, and are responsible for the content and integrity of all academic work submitted. A violation of academic integrity will occur if a student: (1) knowingly represents work of others as one’s own, (2) uses or obtains unauthorized assistance in any academic work, (3) gives fraudulent assistance to another student, or (4) furnishes false information or other misuse of college documents.

In cases of suspected violation of academic integrity, the incident is to be reported to the Office of Academics. A student found guilty of violating the rule of academic integrity by the Vice President of Academics will be considered to have failed in personal obligation to the College; such failure will be subject to disciplinary action by the College. Unless otherwise notified, the instructor will allow students who are pending disciplinary action to attend class.

**REQUIRED FORMAT FOR RESEARCH PAPERS:** Research papers written for any Warren County Community College class must conform to the required documentation style. Papers written for humanities (and some social science) classes will follow the most recent edition of the Modern Language Association (MLA) in-text citation and bibliographic methods. Social science and science papers will require the use of the most recent edition of the American Psychological Association (APA) in-text citation and bibliographic methods.

Please consult with your instructor regarding the correct documentation style to use in his/her class.

**ATTENDANCE POLICY:** Students are expected to attend all class sessions of courses in which they are enrolled and are responsible for all material presented in class and all homework assignments.

Grades are based on the quality of work completed in meeting the requirements for a particular course, as stated in the course syllabus and catalog description.

Excessive absence may be considered sufficient cause for dismissal from class by an instructor or other appropriate college staff member. Any decision to exclude a student from class or the College due to excessive absence shall be subject to review by the President in accordance with established procedures. Students who have not attended class are not entitled to a refund of tuition.
Check the Academic Calendar for specific holiday dates. Exceptions may apply during breaks and summer sessions. Any changes to the Library’s hours are posted on the Library’s web page and near the Library doors.

- **Passwords and Log-Ins**-The Library is responsible for resetting passwords for your Network account (email, computers, Wi-Fi, library resources, and printing). This cannot be reset over the phone. Please stop by the Library for help.

- **College IDs**-College IDs are required for all students. The Library is responsible for producing all ID cards. To get an ID card you must bring to the Library a current copy of your class schedule and another form of ID. Your student ID is also your library card and is needed to check materials out of the Library. Your first ID card is free and replacement cards are issued at a cost to the student.

- **Inter-Library Loan (ILL)**-The Library participates in a nation-wide inter-library loan program which is available free to all students and faculty. You can either submit ILL requests via the Internet (form available on the Library’s web page) or in person at the circulation desk.

### TOPICAL OUTLINE:

1. **INTRODUCTION TO SYSTEMS ANALYSIS AND DESIGN**
   - A. Impact of IT
   - B. IT/IS Components
   - C. Understanding the Business

2. **Analyzing the Business Case**
   - A. Strategic Planning
   - B. Business Cases and Projects
   - C. Systems Requests, Feasibility, and Priorities

3. **Managing Systems Projects**
   - A. Project Management
   - B. Monitoring and Control
   - C. Reporting
   - D. Risk Management
4. DETERMINING REQUIREMENTS
   A. Phases
   B. JAD/RAD
   C. Agile Methods
   D. Modeling Tools and Techniques
   E. Fact Finding and Interviewing

5. Data Process and Modeling
   A. Tools and Data Flow Diagrams
   B. Logical and Physical Models

6. Object Modeling
   A. Object Oriented Analysis
   B. Relationships among Objects and Classes
   C. UML

7. Development Strategies
   A. Overview
   B. Impact of the Internet
   C. Outsourcing and In-house
   D. Role of the Systems Analyst
   E. Costs and benefits

8. User Interface Design
   A. Defined
   B. User-centered Design
   C. Output Design

9. Data Design
   A. Concepts
   B. DBMS Components
   C. Web-Based Database Design
   D. Entity-Relationship Diagrams

10. System Architecture
    A. Planning
    B. Client/Server
    C. Internet-Based
    D. Processing Methods
    E. Network Models
