

## HCT603A3 EKG/Telemetry Skills for Healthcare Professionals

This 12-hour “job skill” enhancement course is for healthcare professionals seeking to add the skill set of arrhythmia interpretation and 12-lead EKG to your repertoire. You will be prepared to apply these skills in a hospital setting, urgent care, or outpatient setting.

### 12-Lead ECG

- Introduction to ECG/ What is the ECG?
- Configuring the Axis
- Lead placement
- Hands on application of Lead placement and producing a quality 12 – Lead EKG

### Arrhythmia Interpretation

- Review of Heart Anatomy and Physiology
- Rhythms / sinus node
- Junctional arrhythmias / heart blocks
- Atrial & Ventricular rhythms
- Differentiating arrhythmias, dysrhythmias and “normal” EKG readings
