Homeland Security and Terrorism Certificate

Homeland Security and Terrorism Certificate course provides an introduction to the ideology, policies, procedures, and practices of a terrorist or a terrorist group, including methods utilized for training, funding and gathering intelligence, the operational phase of a terrorist attack, and the process of target selection. This course provides historical context for understanding international and domestic terrorism, the emerging trends and the institutional and behavioral responses to terrorism.

Gain a critical understanding of homeland security and defense issues, security policy structure, and operations. Grow your skills to better recover from, prevent, and respond to man-made and natural disasters in a multi-jurisdictional and multifunctional environment. Many students build on this foundation to develop or enhance their careers. Upon successful completion, you will receive a certificate from Warren County Community College – Continuing Education.
