

CENGAGE UNLIMITED

All WCCC textbooks are online and available through a product called Cengage unlimited. Every semester, you will find a Course Key or ISBN in your class syllabi. Your syllabi are in My Warren. You use either the Course Key or the ISBN to register your textbooks for the semester.

CENGAGE UNLIMITED FOR RETURNING STUDENTS

If you have previously taken classes at WCCC and have already created a Cengage account, you will not create a new account. Use the same account and add your textbooks through your dashboard as described in STEP 6.

Do NOT create multiple Cengage accounts.

CENGAGE UNLIMITED FOR NEW STUDENTS

WCCC does not create an account for you with Cengage. **You are responsible for creating your own Cengage account when you start classes.** Each semester you will use the same account to load your new textbooks.

Please note that Cengage Unlimited **does not** work properly with Microsoft Edge, Internet Explorer, or Safari web browsers. You need to use either Mozilla Firefox or Google Chrome (available for both PCs and Macs).

STEPS TO ACTIVATING YOUR CENGAGE UNLIMITED ACCOUNT

1. Find your first Course Key in your class syllabus in MyWarren. Copy the Course Key.
2. Go to [getenrolled.com](https://www.getenrolled.com) and paste the course key into the box that says "Enter your Key" (Note, you will only use this page once for your first Course Key. This step allows you to create your Cengage account. Once you have created your account, you will add and access your textbooks by going through [cengage.com](https://www.cengage.com)).

Let's get you enrolled in your courses!

Start by entering the Course Key provided by your instructor. Don't have a Course Key?
Reach out to your instructor to request it.

If your course is integrated with your campus Learning Management System (i.e. Blackboard, Brightspace by D2L, Canvas or Moodle), head there to enroll in your course or follow this [quick walkthrough](#).
