

Canvas

Canvas is a learning management system where students will find their classes, class materials, assignments, grades, etc. Students will work in Canvas for all their classes.

Accessing Canvas

Go to www.warren.edu.

Click on the box on the left side of the page that says “MyCanvas”

This will take you to the Canvas sign in page:

Clicking “Forgot Password?” will bring you to this page:

Enter your Login and we'll send you a link to change your password.

Login

Again, your login is your student ID#.

Request Password

When you request your password, the system will send an email to the email address you have on file with the school from when you registered for college. This is usually your personal email address.

If you aren't sure what email address you have registered with us, or you need to change your email on file, please go to Student Services. They can look up your email on file and/or update your email on file.

Don't panic if you don't get the email from Canvas right away as it can take up to 30 minutes to receive that email.

Navigating Canvas

Once you have successfully logged into Canvas, it will take you directly to your Canvas Dashboard, which will look something like this:

Notifications. Tell us how and when you would like to be notified of events in Canvas.

Navigation Tips

The left-side navigation menu includes a "Modules" button, which acts as a gateway to the course flow. You will find coursework, helpful resources and all relevant assignments, quizzes, and discussions within each weekly **Unit** module. Be sure to read the **Announcement** button each week, which is posted on a Monday morning, so that you can also stay along with the class.

View this Canvas orientation video for other navigation points (Canvas Overview, 3:30):
