Contractual Rates: Courses may be offered by contract to public service agencies such as police departments, fire departments, public school districts, municipal and county governments, and other public service organizations based on mutually agreed-upon rates. Courses may be offered at flat fees for business and industry through the Division of Continuing Education. Also, per contract, the College may waive certain fees for students participating under Senior Option agreements or other college-high school programs.

US Veterans: All veterans and their spouses/dependents will be assessed in-county rates.

Chargeback: Students eligible for chargeback from a home county shall be assessed in-county tuition. WCCC shall bill the home county for chargeback revenue in accordance with the state-mandated chargeback formula. Students must complete the appropriate documentation with their home county by the deadline specified by their home county to be eligible for this benefit.

Partnerships with Other Colleges: Students from counties where WCCC has a reciprocal tuition agreement shall be assessed at the in-county tuition rate or at a rate specified in the reciprocal agreement.

Hunterdon Residents: Residents of Hunterdon County shall be charged in-county rates.

Senior Citizen Discount: Non-matriculating Warren County resident senior citizens are eligible for a waiver of tuition in credit classes on a space-available basis after minimum enrollment thresholds are met.

This discount does not apply to programs with clinical components (Medical Assisting or Nursing) as a student must be matriculated to enroll in these programs.

Non-matriculated senior citizens in UAS courses are subject to a discounted $150 tuition charge per course in addition to applicable course fees and per credit fees.

**These are materials normally purchased by incoming students (stethoscope, scrubs, lab coats, etc.) and graduating seniors (pinning materials and NJNS convention). Rather than requesting students to pay individually for these items, the College will coordinate the procurement of these items. This also allows the charges to be eligible for financial aid.
