

Accessing Cengage in Canvas

Returning Students

If you have previously taken classes at WCCC and have already created a Cengage account, you will not create a new account. You no longer need course keys to add your books to Cengage as long as you access Cengage through Canvas and not directly.

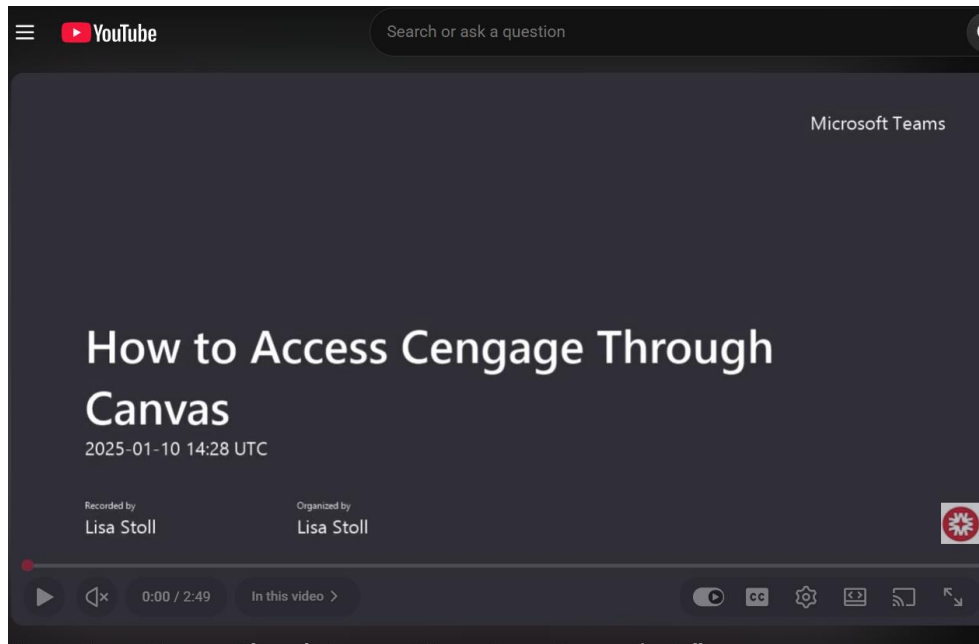

Do NOT create multiple Cengage accounts.

New Students

WCCC does not create an account for you with Cengage. You are responsible for creating your own Cengage account when you start classes. Each semester you will use the same account to access your textbooks.

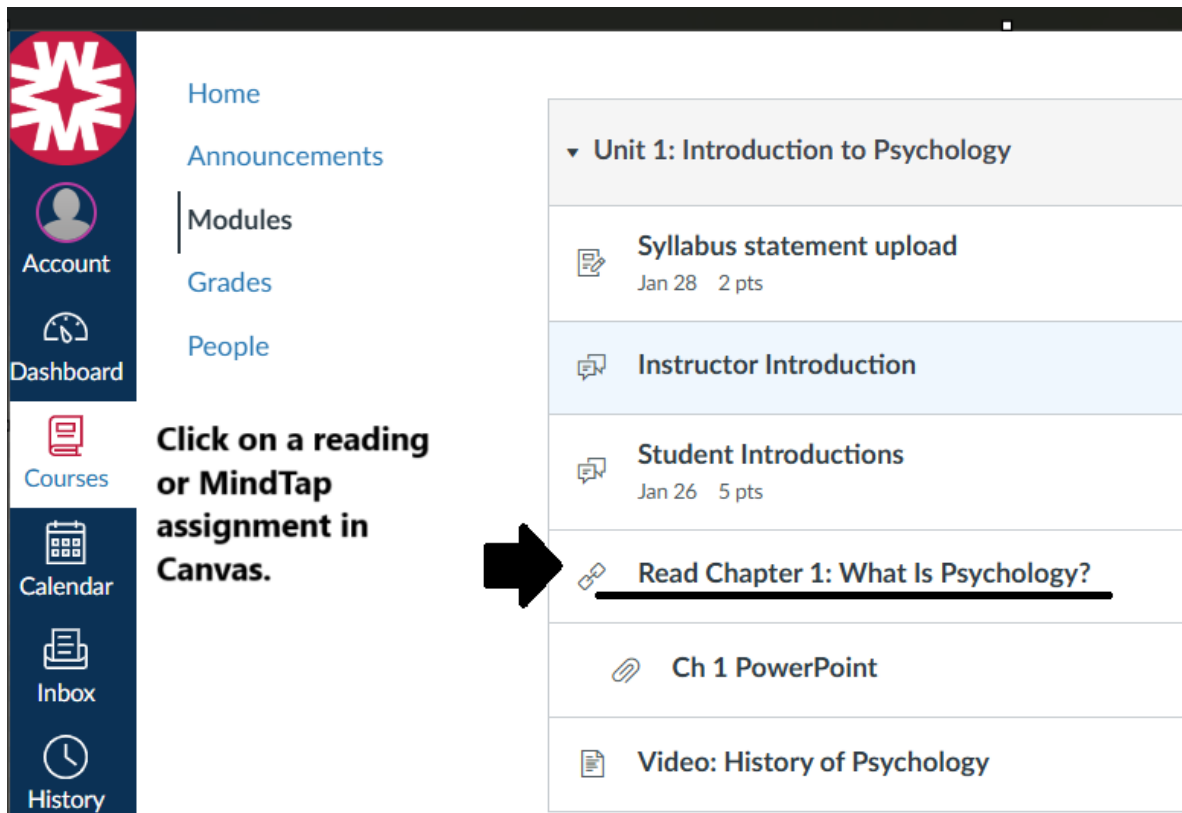

How to Create Your Cengage Account (Video)

(Click on the image to access the video on YouTube)

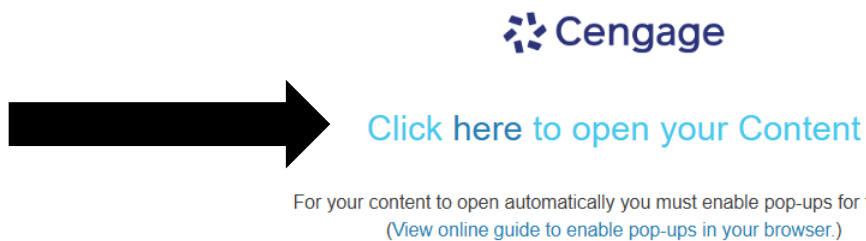

How to Create Your Cengage Account (Step-by-Step)

Step 1: To access Cengage for the first time through Canvas, go to any of your classes in Canvas and navigate to modules.

Step 2: Clicking on either a reading or a MindTap assignment will bring you to this page

Step 3: Proceed by clicking where it indicates, which brings you to this screen:

New to Cengage? [Create Account](#)

If you are a returning WCCC student and already have had a Cengage account, you will sign in here. Remember, your username is an email address.

If you have forgotten how to sign in, use this link for help.

If you are a **NEW** student, you will need to create your account by clicking here

Step 4: Click on “Create Account” to create your Cengage account. Once you’ve done this in one class, it will link your Canvas and Cengage accounts, and you should have access to your textbooks in all of your classes.

If you need help with your Cengage account, please contact Dr. Lisa Stoll at lstoll@warren.edu or by stopping in the WCCC Library.
